39	6	7.5	25.1
40	7	8	25.4
41	8	9	26.3
42	9	9.5	26.9

¿Cómo medir?

Pide ayuda a alguien, nunca te midas a ti mismo.

Recomendamos medirte con pantalón y calcetines de montar.

ALTO (1) - Ponte de pie sin zapatos y dobla ligeramente la rodilla. Mide desde el pliegue de detrás de la rodilla hasta el suelo detrás del talón.

ANCHO (2) - Rodea tu gemelo con el metro y sube y baja hasta encontrar la zona más ancha.
